

AIRPORT ADVISORY

DATE: May 9, 2003

TO: King County International Airport Tenants
distributed by e-mail and fax

FROM: 
Robert I. Burke, Airport Director

SUBJECT: TOPOFF MAY 12-14, 2003

King County International Airport/Boeing Field (KCIA) will be participating in the most comprehensive terrorism response exercise ever held in this country - an exercise aimed at making us even better prepared to deal with emergency situations.

Beginning Monday, May 12, the state, City of Seattle and King County will participate in TOPOFF-2, a Congressionally-mandated exercise to test our ability to manage and respond to acts of terrorism. Sponsored and funded by the US Departments of State and of Homeland Security, TOPOFF (which stands for "Top Officials") focuses on how all these entities work together in this type of emergency.

On Monday, Seattle police and firefighters will respond to a "terrorist attack" across from Tully's roasting plant on Airport Way South in an exercise involving a radioactive "bomb". King County including the Airport will be simulating this exercise and will be acting as if we were responding to a real emergency with an activated Emergency Operations Center (7300 Perimeter Road South) and appropriate role-playing.

Residents and workers in the Airport Way neighborhood and in various areas of downtown should know that this is an exercise only. If you are serving the public at this time, feel free to convey that message to your customers.

Be prepared for traffic delays in the following surrounding areas:

- Southbound Airport Way (right lane) will be closed from S Walker to S Spokane Streets from 8:00 a.m. Monday, May 12, through 8:00 a.m. Wednesday, May 14. Parking will be restricted in the area. Do not be alarmed; expect to see emergency vehicles, police and fire fighters engaging in police patrols, mock rescue operations and other emergency duties. Businesses will remain open.

- The Airport Terminal Parking Lot will be full as the King County Emergency Operation Center (7300 Building) will be operating fully staffed continuously until May 14, 2003. Parking will be limited throughout the west side of the Airport along Perimeter Road South.

While we all hope we never need to respond to a terrorist event, this exercise will prepare us in keeping Seattle residents safe and healthy during any type of emergency.
